As the brains behind one of the web's most celebrated b-movie web sites, Scott Hamilton and Christopher Holland know that some movies are so completely awful that they require you to entertain yourself. Lambasting a bad movie is always more fun, though, when it includes an otherwise respectable actor who finds himself trapped in a cinematic disaster. To highlight this particular guilty pleasure, the creators of stomptokyo.com have compiled the best celebrity skewerings from their movie review web site (rewritten and updated) and added dozens of pages of new material to bring you their first book: *Reel Shame*.

Also included in the book is a comprehensive capsule review gallery of the movies mentioned in the book, as well as an annotated recommended reading list about the history of b-movies. For those of you who want b-movie gratification faster than you can run to the video palace or bookstore, there is also a list of online resources that can help quell your appetite for trash cinema.

### Praise for Stomp Tokyo, the website that spawned this book:

"A place to indulge one's questionable cinematic taste." – *The New York Times*

"Trash movie paradise." – *Entertainment Weekly*

"Almost better than seeing the movies yourself, because these reviewers never fall asleep in the sex scenes and seem to understand the meaning of the subliminal dream sequences . . . we loved it." – *Netsurfer Digest*
